

INDIAN SCHOOL AL GHUBRA

21st January 2019

To :- Parents of students in Classes 10 and 12

Dear Parent,

The Board of Directors of Indian Schools in Oman has launched a Virtual Learning Environment (VLE) portal. The ISO VLE portal will serve as an online platform that will give teachers and students access to the best of our school resources. With this, the Board aims to create learning solutions that exist beyond the confines of the classrooms. In its initial phase, the portal caters to the main subjects of Classes X and XII; more classes and subjects will be added in the years to come. Students are requested to make use of the resources available on the portal.

Students can login into the portal, www.isovle.net , in the following manner:

User Name: 02GRNo (if your GR No is 5800, then user name is 025800)

Password: D.O.B (If the DOB is 21st March 2004, password will be 21032004)

Best wishes

Vice Principal
