

# THE D.E.A.S.

## Social & Community Service

Social service has been an integral part of **Indian School Al Ghubra** since its inception.

Over the years Indian School Al Ghubra has accumulated an enviable record of Service. Our students have always lent their helping hand, across India, to people affected by the worst hit earthquakes, tsunamis, landslides and floods.

Our students offered their services to the Indians in Oman who were planning to go back to India in amnesty. Water bottles, juice packs and biscuits were offered to the people standing in the long queue at the Indian Embassy.

The Indian School Al Ghubra is one of the regional spearheads of the Round Square Group of Schools and regularly participates in the International Service Projects. The IAYP programme which is

run by the School is a further incentive for the students to whole-heartedly take to service projects.

### Social service initiatives:

- Attention to children with special needs.
- Lake Park and beach cleaning activities.
- Cleaning of school premises and surroundings.
- Service to the school library.

## **RECIPIENTS OF THE DUKE OF EDINBURGH'S AWARD (2007-08)**

- |    |                         |        |
