

# INDIAN SCHOOL, AL GHUBRA

## Annual Exhibition

The Annual Exhibition of Indian School AlGhubra was held on Saturday, 14 February. The creative talents of the students were showcased on the theme, 'Vision 2020'.

Mrs Radha Mukherjee, Member, Board of Directors, Indian Schools in Oman, inaugurated the event. The Members of the School Management Committee and the school officials, who visited the various stalls, appreciated the sincere effort of the students.

of Chandrayan-1 was launched at the inaugural ceremony. The working model of a helicopter was also displayed. The self sustained Global Village was the major highlight visualizing the theme Vision 2020.

The Eco- friendly House and 'Energy from biodegradable domestic wastes' won the appreciation of the Chief Guest and parents alike. The life size model of a windmill, a suggested alternative energy source, was an added attraction. A model of the Waste Water Treatment plant using the latest technique of membrane Bio Reactor was impressive. An

array of innovative Science exhibits on Stem Cell Cultivation, Solar Cooker, Solar Cruise, Radio Frequency Identification etc were presented by the students.

The exhibits from the Social Science Dept. focused on showcasing the multifaceted culture and heritage of India. The efforts to create awareness on Drug Abuse and Road Safety by the Disaster Management section were praiseworthy.

The Photography and Art display were worth a hundred words. The various Language Departments also displayed the life and works of prominent men of letters .The music, band and dance performances by the students added flavour to the evening.
