

ISG-INTERNATIONAL

17 August 2023

Dear Parent

We are organizing an outward-bound trip for our students of Grade 6 to 8, ISG-I in the month of December 2023.

The camp will be conducted at Garudmaachi, Maharashtra, India. Garudmaachi is perched on the edge of a valley, with a bird's eye view. It is a silent getaway amidst evergreen forest and towering mountains in the Tamhini Ghat about 75 km from Pune & about 165 km from Mumbai. It is the only purpose-built site developed by High Places and is being used only for training purposes. Our students have been attending the camp at Garudmachi since 2011.

The camp is not just about adventure and adrenaline. The basic idea is to give the students a chance to realize what it means to be away from the comfort of home and city, the internet and TV, to be self-sufficient, responsible and confident.

The organizers have promised that the camp will be a judicious blend of adventure, games and experiential learning through four days of unbridled excitement. The students will enjoy the thrill of nature, the warmth of togetherness, the freedom of expression and the fun of learning by doing. All activities will take place beyond classroom confines, around campfires, under shady trees, river banks and exhilarating hilltops.

The activities offered are:

Tent Pitching, Lighting fire, Safety and basic First Aid, Cooking, Night Patrol, Rappelling, Drawing a map of the campus, Orienteering, Pacing, Treasure Hunt using the map and compass, Visit to a village, Pottery camp etc.

There will also be short activities like name your team, make a logo and make your slogan that builds creativity and focus, pass the tyre which enhances coordination, wavered flock, find your partner and visual memory to build communication and understanding.

The accommodation offered is in well-built dormitories (each accommodating 10 students) or tents that are strategically located in the forest. Each tent has six to eight beds and two attached toilets and other basic amenities like lamps, fans etc. Besides a teacher who will accompany the students, there will also be a team of qualified outdoor experts who will not only stay with the children but also take good care of them and their safety.

This will be a 4 days program. **The Camp is scheduled to be held from 13 December, 2023 to 16 December, 2023.** The group could fly out on the night /early morning of 12 December and fly in on 16 December.

The cost for the program would be OMR 140. The program cost is inclusive of pick and drop charges from Mumbai, all the meals, snacks etc., the outdoor support and activities along with the materials required for performing the activities.

The airfare will be OMR 140 (approximately). In order to avail the group discount for flight travel to Mumbai, we will need to speed up the process of confirmation.

If you would want your child to participate in this camp, you may register at the school office (main school) by paying the camp fees of R.O.140 to the school bank account and send the consent form given below, duly

filled in, to the class teacher on or before 31st August, 2023. You are also requested to send the soft copy of the first page, visa page and last page of your ward's passport to the ISGi office.

The air fare may be paid at the school office (main school) once the bookings are done and we intimate you of the same.

With best wishes

Principal

To
The Principal
Indian School, Al Ghubra

Dear Ma'am,

I would like my child _____ of Class _____, ISG-I to go for the outward-bound trip organized by the school. The program cost of OMR 140 and the air fare for my child shall be borne by me.

I also confirm that my ward does not suffer from any health issues.

Regards
